The additional courses required for the coordinate major may be included on the primary major's curriculum card if room exists to place them. Otherwise, additional courses will be required beyond the requirements of the student's primary major.

Courses with prefixes outside of the student's primary field may fit as advised/free electives or as distribution requirements (e.g. SPK 101 as an analytical skill for a Pol/Env. St. major).

Courses with the same prefix as the primary major may fit as advised electives or as major courses (e.g. BIO 204 for a Bio/Env. St. major).
