

FACULTY INTERVIEW REPORT FORM

Arrange an interview with a Niagara University Professor who is teaching in a major that you wish to research. Send a thank you e-mail to the faculty member you interviewed.

Your name: _____ **Faculty:** _____

- 1) What courses should a student take as an introduction to this major?

- 2) Can I attend a lecture to learn more about this field of interest? How do I arrange/schedule to do that?

- 3) What clubs or activities are available for students pursuing a major in this area? Could I attend a club meeting or activity as a guest, to network?

- 4) How did you decide to become a professor of __ (subject) ____? What did you study as an undergraduate and graduate student? Did you go directly to graduate school or did you work after completing your undergraduate degree?

- 5) What types of internship opportunities are students acquiring? Do you have any suggestions or recommendations toward any particular internship / co-op?

- 6) What minors are popular among majors? What minors pair well with this major?

- 7) Can you tell me what types of career opportunities there are for people who wish to pursue this major? How is the job outlook for the future?

- 8) What can I do or should I become involved in to ensure my marketability to future employers?

- 9) Other questions I may want answers to are...

- 10) What did you learn from this interview?
