

Niagara University College of Education Institute of Applied Learning Presents:

Literacy/Stem Camp 2011

Interested in having fun while exploring Science, Technology, Engineering, and Math?

Then join us for our Literacy/STEM Camp!

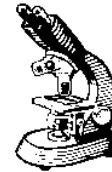

Come investigate the Gadget Invention, CSI-NU, Microbe Madness and Ichthyology Inspection!

Open to Students in Grades 3-8!

August 1-4, 2011 from 8:30 a.m.—4:30 p.m.

Academic Complex, Room 125

8:30 a.m.—11:30 a.m. —Literacy Camp
11:30a.m. – 12:30 p.m.—Lunch and Recreation
12:30 p.m.—4:30 p.m.—STEM (Science, Technology, Engineering, & Math) Camp

Cost: \$100.00 (includes materials, lunch, & snacks)

To register or for more information:

Please email Sara Murphy at smurphy@niagara.edu or call (716) 286-8309

Checks made payable to:

Niagara University
P.O. Box 1930
Niagara University, NY 14109

Registration Deadline: June 30, 2011

Literacy/STEM Camp August 1-4, 2011

Niagara University's College of Education's Institute of Applied Learning sponsored a Literacy, Science, Technology, Engineering, and Math (STEM) camp for local school aged children in grades 3-8. The camp gave students hands-on, real life applications in the STEM content areas. The forty student participants took part in literacy technology sessions in the mornings and STEM activities in the afternoons designed by College of Education faculty and graduate students. The four areas students explored this year were: Gadget Invention, CSI –NU, Microbe Madness, and the Ichthyology.
