

Niagara University

A COMMUNITY RESOURCE

As it has for more than 150 years, Niagara University continues to make its resources available to the local community. In accord with that tradition, 77 members of the university community have agreed to be listed in the NU Speakers Bureau & Information Resource Directory. We encourage its use, and hope that various clubs, organizations and the media find it helpful.

INTRODUCTION

The administrators, faculty, and staff of Niagara University possess a wealth of knowledge, expertise, and experience in a variety of disciplines.

In accord with the community-minded spirit of the university, many of these individuals have agreed to be listed in the university's Speakers Bureau & Information Resource Directory as a means of assisting various community organizations and as a source of expert commentary in their respective fields.

The directory is divided into two parts. The first lists individual speakers and their academic credentials, followed by a resource information index.

Requests for speakers should be made at least three weeks in advance by contacting:

**Speakers Bureau
Office of Communications and Public Relations
O'Shea Hall
Niagara University, NY 14109
716-286-8585
Monday-Friday 9 a.m. to 5 p.m.**

Biographical information on speakers will be provided once arrangements for an appearance are completed.

Members of the media seeking sources for expert commentary on issues of the day should also direct their calls to the public relations office, which can facilitate access to individuals listed in the directory.
