Advisory Council

- Provide recommendations to the College of Education in the design, implementation and evaluation of curriculum and field experiences, and in the expansion of partnerships to enhance student learning.
Advisory Council

Specifically, the Council will address:

- Content, pedagogical and professional knowledge, skills and dispositions within the programs (including instructional technology);
- Diversity in terms of faculty, student body and curriculum;
- Professional development and partnerships with schools, clinics and the community;
- Success of our graduates.
Advisory Committees

- Educational Administration and Supervision
- Counseling (School and Mental Health) and School Psychology
- Teacher Education
- Ontario Council (Ministerial Consent)
