ALUMNI STORIES
Our alumni are making a difference in their professions and in their communities. Read more of their stories at www.niagara.edu/college-of-nursing.

Ruger Van Dyke, ’39, was not a traditional Niagara University student when he enrolled in the College of Nursing. He had been out of high school nearly a decade and had spent that time working various jobs and hanging out with his friends. When he took a position as a center for the developmentally disabled in his hometown of Syracuse, N.Y., he discovered a passion for helping others and decided to pursue a career in nursing.

That decision changed his life, he says.
