ALUMNI STORIES

Our alumni are making a difference in their professions and in their communities. Read more of their stories at www.niagara.edu/alumni-news.

Dr. Dianne Morrison-Beedy, ’80, has been researching decision making and risk reduction in women at risk for HIV. Her work has led to the launch of the Health Improvement Project for Teens (HIP Teens), a small-group HIV intervention program that has been recognized by the U.S. Department of Health and Human Services and the Center for Disease Control and Prevention as an effective evidence-based intervention, and rolled out for implementation in communities across the country.

ALUMNI EVENTS

Smile! Capture all the fun at these events in photos and videos, and send them to Lisa McMahon at lmcmahon@niagara.edu to share them on social media and in the Eagle magazine.

CAMPUS NEWS

A quick look at what's happening on the Ridge. To access all the NU news, visit news.niagara.edu.

Sunday Worship: Alumni, students, and members of a Lasallian Youth Assembly who spent the week at Niagara attended an outdoor Mass on campus July 17. The Rev. James J. Maher, C.M., NU’s president, served as celebrant, and offered a special blessing to five youth group members who left for World Youth Day in Poland the following day.

Improving Student Learning: A memorandum of understanding signed June 30 formalized longstanding partnerships between Niagara University and the Niagara Falls and Lewiston-Porter school districts. The collaborations are intended to positively impact P-12 student learning, especially for those in greatest need, by improving the quality of teaching, support services, and school leadership for pre-service, novice, and veteran educators.

SummerOh: becoming students and their families learned a little more about life at NU during Summer Orientation this June and July. Among those in attendance were 48 legacy families, including Lauren Kornech and her mom, Michele, ’96. Michele notes that she had a great experience at NU and is very excited that her daughter chose to attend her alma mater. Lauren was one of two recipients of the Alumni Legacy Scholarship, which was established by the NU Alumni Association for sons and daughters of alumni who are attending NU.

Serving Those Who Served: More than $1,500 was raised by the Niagara University Student Veterans Organization during its fourth annual Memorial Day Disc Golf Tournament at the Beaver Island State Park Golf Course. The proceeds benefit the CSM Fred Kirtchen, ’80 Memorial Veterans Scholarship, which assists returning military veterans who are attending NU. The total raised from the event since it was established in 2013 is now over $10,000.

New International Pathway: International students who are interested in enrolling at colleges and universities in the United States but may not possess the requisite English language skills will have a new pathway to help them prepare for the language demands of a collegiate degree. Beginning this fall, the Edward A. Brennan Center for Language, Culture and Leadership at Niagara University will offer an intensive English as a second language program that provides instruction in academic grammar and writing, reading and speaking and listening.
