Transferring Credits

If you are planning to attend a college other than Niagara University, you must request that an official transcript of the classes you took through NUSTEP be sent to that school. Follow the link on this web page to request a transcript. It is the college’s decision to accept the credits or not. The following schools (as reported by former NUSTEP students) have accepted NUSTEP credits in the past. If you are not sure, you should contact the college and find out what their policy is. Often times, if you provide your course syllabus to them, they will accept the credits.
