

Minor in Developmental Disabilities

Recommended for students interested in working with adults or children with developmental disabilities, this minor complements many bachelor degree programs. Students will have field experiences in community-based agencies connected to each of the five required courses. Students may find employment or service opportunities in family support, rehabilitation, independent living, group and residential homes.

This minor is available to all Niagara University students.

Minor Course Sequence

EDU 201: Developmental Disabilities: An Overview

EDU 202: Inclusive Recreation for Diverse Populations (Cultural Diversity Designation)

EDU 301: Family Life to Independent Living for Individuals with Disabilities

EDU 302: Secondary Transition in Special Education

EDU 401: Instructing Individuals with Developmental Disabilities
