Six Steps For a Smart Start After College

1. Establish Financial Goals and a Plan for Getting There
2. Separate Needs from Wants
3. Create a Monthly Spending Plan
4. Start Saving and Bank Wisely
5. Stay on Top of Your Student Loan Obligations
6. Use Credit Wisely

1. Establish Financial Goals

- Short Term

- Buy a car
- Buy new furniture
- Be debt free
- Vacations

- Long Term

- Buy a home
- Start a business
- Start a family
- College tuition for children
- Pay off student loans
- Retirement

2. Separate Needs from Wants

- Needs are fixed expenses, such as rent or mortgage, utilities, food, clothing, transportation, taxes, health care, childcare and repairs.
- Wants are variable expenses: entertainment, cable, internet service, magazines, eating out, hobbies and cell phones.

Needs vs. Wants

Item	Need	Want
Food	Groceries	Eating Out
Shelter	Dorm/Roommate	Apartment or House
Transportation	Public Transportation	Gas, Car Insurance, etc.
Clothes	The Basics	Trendy Styles & Brands
Telephone	Regular Phone Service	Cell Phone

3. Create a Monthly Spending Plan

- Start at the beginning of each month
- Pay yourself first (open a savings account)
- Keep track of everything you spend; coffee, newspaper, magazine etc.
- Record all of your income
- Pay your bills on time

Three Sections

- **Section 1: Income**
 - Yours and your spouse's (if you have one)
 - Include financial aid
- **Section 2: Needs/Expenses**
 - Include items like books, tuition, and interest expense on unsubsidized loans
- **Section 3: Wants**
 - Things that are not necessities
 - Include items like cable TV, lattes, eating out, the latest cell phone

Things to Consider

- Consider the unexpected
 - Car repairs, fuel price increases, health care costs
- Assess needs/expenses first
- Prioritize wants from whatever dollars are left over
- Track your actual expenses as compared with your budget. Are you on track?

4. Start Saving and Bank Wisely

- Start a savings account
- Sign up for your employer's retirement plan
- Borrow only what you need
- Sign up for automatic savings; what you don't see does make a difference

**Today's habits will pay off
tomorrow!**

Banking and Savings

- Due to the effects of compounding, routine saving adds up quickly ...

The Effects of Compounding

\$50 a month = about **\$8,200** in 10 years

\$250 a month = about **\$41,200** in 10 years

\$500 a month = about **\$82,300** in 10 years

Based on 6% interest.

Choose the Right Bank

- When choosing a bank seek ...
 - Convenient Location and Hours
 - Needed Types of Accounts
 - Competitive Interest Rates
 - Low Service Charges
 - Available ATMs
 - Secure Online Services

Use Banking Services Wisely

- Shop around for banks that offer incentives
- Avoid overdraft fees
- Record all purchases
- Balance your account monthly
- Take advantage of online banking
- Debit cards are not credit cards

5. Stay on Top of Student Loan Obligations

- Subsidized Loans
 - Federal government pays the interest until the student enters repayment.
 - When the borrower has been granted a deferment, the government pays the interest during the deferment period.
- Unsubsidized loans
 - Student is responsible for paying the interest that accrues on the loan from the date of disbursement until the loan is paid in full, regardless of enrollment status.

Pay Down Student Loans

Student Loan
\$15,000 borrowed
10 year term
8.25% interest rate

Monthly payment: \$184
Total interest paid: \$7,077

Pay Extra and Save

- An extra \$50 a month
 - **Pay off loan 3 years faster**
 - **Save \$2,231 in interest**
- An extra \$250 a month
 - **Pay off loan 6 years faster**
 - **Save \$4,892 in interest**
- An extra \$500 a month
 - **Pay off loan 8 years faster**
 - **Save \$5,762 in interest**

6. Use Credit Wisely

- Advantages

- Build credit
- Rent a car
- Available for emergencies
- Frequent flyer miles
- Online purchases
- Immediate cash availability

- Disadvantages

- Negatively affect credit
- Debt accumulation
- Years to repay debt
- High interest rates
- Repayment could be 3 to 5 times the original purchase price
- Immediate cash availability

Choose the Right Credit Card

- Interest Rate
- Adjustable Rate Credit Cards
- Fixed Rate Credit Cards
- Fees: late fees, over the limit fees, annual fees, and balance transfer fees
- Reward Programs
- Introductory Rates

Manage Your Credit Cards

- Choose a credit card with no annual fee
- Use credit cards conservatively
- Charge only what you can pay off at the end of the month
- Make monthly payments on time
- Always pay more than the minimum requested
- Be wary of credit cards that offer free merchandise

Manage Your Credit Cards

- Do not purchase on impulse
- Do not charge more than you can afford
- Know when your credit card payment is due
- Do not live a lifestyle you cannot afford
- Do not use credit cards for cash advances, unless it is an emergency

Protect Your Credit

- Reduce access to your personal data
- Always take credit card receipts with you
- Never permit your credit card number to be written onto your checks
- Order your free credit report once a year
- Remove your name from the marketing lists of the three credit reporting bureaus
- Never allow anyone to use your credit card

Protect Your Credit

- The three national credit bureaus are:

Feeling Overwhelmed?

- Ask for help
- Call at the first sign of trouble
 - Denial of credit
 - Credit cards that are maxed out
 - Borrowing money to pay bills
 - Paying only the minimum
- Contact your student loan provider
- Contact a Consumer Credit Counselor
- Work out a plan to repay

Follow these guidelines and you will have a successful future! You will be able to take that vacation, pay off bills, and buy your new car or home!
