Student Guide to Financial Aid 2023-2024

This guide provides information on the financial aid package you have been awarded. Please review the information carefully, both the general statements about financial aid and the program information pertinent to your own awards. If you need further information, please contact the financial aid office.

GENERAL INFORMATION

1. All awards are made per semester (summer, fall, spring) and are credited to your account, except federal work-study.
2. It is your responsibility to notify us of any additional financial aid awards (private scholarships, etc.) that you receive. The need for financial aid far exceeds the funds available, so it is important that we do not over-fund one student while rejecting another due to lack of funds. Revision of your financial aid package may be required.
3. The aid awarded to you is for 2023-24. All financial aid must be reapplied for annually. Apply at www.studentaid.gov after October 1 each year.
4. The federal and state financial aid awarded to you is contingent upon actual government appropriation.
5. The awards and amounts are based on your registering full time each semester unless otherwise indicated on the award letter. Should you register less than full time, your financial aid package will be adjusted accordingly.
6. In order to receive financial aid, you must remain in good academic standing and make satisfactory progress as defined in the Niagara University undergraduate catalog.
7. The Office of Financial Aid at Niagara University reserves the right to adjust financial aid awards based on changes in credit hours, residency status, income verification and/or receipt of other funds, including other NU awards.
8. The cost of attendance is composed of both direct and indirect costs as specified on the College Financing Plan, which can be viewed in Self-Service. Please note that changes in your enrollment status (e.g. full time to part time), and/or living arrangements (e.g. resident to commuter) affect your cost of attendance and consequently, your aid eligibility. You are responsible for reporting such changes to the financial aid office.
9. The sum of all financial aid received may not exceed cost of attendance.
10. Expected Family Contribution – The contribution is the result of the Federal Needs Analysis methodology and is indicated on the Student Aid Report (SAR) sent to you by the processor of your Free Application for Federal Student Aid (FAFSA).

PROGRAM INFORMATION

Grants and Scholarships

A student may be awarded only one academic/merit-based scholarship from Niagara University. Scholarship levels are determined at the time of initial enrollment and are not upgradeable. All merit-based scholarships are renewed based on continuous enrollment until completion of bachelor's degree or four years, whichever comes first.

Students receiving tuition remission from any program are not eligible for Niagara University academic/merit based scholarships.

Students in the RN Completion Program, Nursing Acceleration Program, and the Ontario Teacher Education-Bachelor Degree Program are not eligible for Niagara University academic/merit-based scholarships.

NU academic/merit-based scholarships cannot be combined with NU employee tuition remission benefits.

Niagara University academic/merit-based scholarship amounts are prorated should you enroll less than full time, but at least half time (six credits per semester). No institutional grant/scholarship is available for less than half time attendance.

Students who enroll in study-abroad or off-campus programs will have the amount of the Niagara University scholarship, grant or tuition remission limited to the difference between Niagara University charges and the direct cash payment by Niagara University to the study-abroad or off-campus program.
