Q8. What could Niagara University have done to better prepare you for your current position?

2016-17 Comments

I felt very prepared and NU was an excellent program. I just felt a bit lost during the interview process. I think it would be really cool to do mock interviews... we may have actually done this and I can't remember. Either way, a little bit more emphasis on that would be beneficial!

2017-18 Comments

The school psychology program should have more than one full time professor connected to the program. Dr. Kilanowski is amazing and does a wonderful job, but the program would be much more consistent if another full time faculty member were also a part of the school psychology department.
