What could NY have done to better prepare you for your field of specialization?

No Comments

**2023-24**

N/A

**2024-25**

Programmatically speaking, I believe I had stellar preparation and I cannot suggest any academic changes in this moment. The best answer would be more grants, programs, awards, scholarships, and viable options to support post-undergrad students not dwelling in debt upon completion. I believe that would also boost enrollment, especially in my department.
